**Clinical Interests:** Spine - non-trauma, Spine – trauma, Extremities, Pregnancy, Pediatrics, Sports Injuries, Activator Method (Low Force Instrument Adjusting)

**Years of Experience:** 5-9 years

**Languages Spoken:** English

**Personal Statement:** Dr. Bender, Holistic Chiropractor with a foundational passion kindled in the corridors of his father's chiropractic office, was captivated early on by the transformative power of chiropractic care. This profound influence, coupled with personal experiences and challenges, propelled him into the realm of holistic health with a determination to make a meaningful difference in people's lives. Embarking on his academic journey immediately after high school, Dr. Bender attended the prestigious Life University. There, he undertook a dual path, pursuing a bachelor's degree in nutrition while meeting the rigorous demands of the Doctor of Chiropractic program. Dr. Bender's resolve was significantly tested in 2015 upon being diagnosed with Stage 3 Hodgkin's Lymphoma. Inspired by his mother's memory and refusing to succumb to his circumstances, he embraced an integrative approach to recovery, combining chiropractic care, Nutrition Response Testing, Neuro Emotional Healing, stress management, exercise and chemotherapy. This holistic strategy not only facilitated his smooth recovery but reinforced his commitment to holistic healthcare. Graduating from Life University at the top of his class, Dr. Bender has earned numerous accolades for his academic prowess. Today, he is a fervent advocate for comprehensive healthcare, offering high-quality chiropractic services infused with a unique, holistic perspective. His mission is to empower individuals of all ages, to achieve optimal health and wellness. Dr. Bender cherishes time with his wife, Shawna and son, Mason, and dogs, Loki and Thor. An ex-competitive swimmer, he continues to find joy and relaxation in water-based activities (swimming, kayaking, boating, etc.). Dr. Bender invites you to experience a level of care that not only addresses your physical well-being but embraces the full spectrum of health. Join him on a journey to wellness, where every patient is treated with the care and respect they deserve.

#### **Insurances Accepted (contact office for details):**

Aetna, Auto, Blue Cross Blue Shield of Michigan, BCN (Blue Care Network), HAP (Health Alliance Plan), Medicare, Medicare Advantage, Medicaid, Molina, Private Pay in addition to insurance, Worker's Comp

**Education & Experience:** Palmer College of Chiropractic, Davenport, IA

**Certifications:** Certified by the Academy Council of Chiropractic Pediatrics (CACCP) - Specialization in Prenatal & Pediatric Chiropractic Management.

**Clinical Interests:** Prenatal & Pediatrics - Prenatal / Perinatal population: I have built my practice treating a variety of conditions associated with pregnancy (pre and post). This approach is built on communication with the patient regarding their desires for their pregnancy and communication with their health care team (OBs, midwives, etc.) to ensure safe and effective care.

*Common conditions managed in my office include, but not limited: low back pain, sciatica, round ligament pain, pubic symphysis pain, improving labor/delivery outcomes, neck & upper back pain associated with breastfeeding, etc.*

Infant/Pediatric population: My practice has found a niche working with local IBCLCs (lactation consultants) referring infants who struggle with body tension that is restricting their feeding mechanics. I use a "less is more" approach with patients. When a child is referred to care we expect to see positive adaptations very quickly (within a few visits) and the type of care we use is tailored specifically for the age of the patient. Parents and I have an open discussion about expectations and care protocols and I welcome any inquiries from those who would like to know more.

*Common pediatric conditions managed include: breast/bottle feeding challenges, reflux, constipation, colic, recurring ear infections, sleep disruptions, supporting neural function in ASD/SPD, etc.*

**Years of Experience:** 5-9 years

**Languages Spoken:** English

**Personal Statement:** I am a proud graduate of Michigan State University (Go Green) and then followed my professional pursuits to Palmer - Davenport for my Doctorate of Chiropractic degree. We are proud to offer an office space that is accessible and welcomes all ages. In my time away from the clinic I enjoy reading, knitting, board and video games, as well as kayaking, target archery, and cycling.

*MIBAC does not recommend or endorse individual Chiropractors or Chiropractic practices. Please verify all information.*

**Insurances Accepted (contact office for details):**

Aetna, Auto, Blue Cross Blue Shield of Michigan, Private Pay in addition to insurance, Worker's Comp

**Education & Experience:** Logan University, Chesterfield, MO

**Certifications:** Mechanical Diagnosis and Therapy (MDT) Certified

**Clinical Interests:** Spine - non-trauma, Spine - trauma, Orthopedic joint injuries, Scoliosis, Physical Rehabilitation, active population with spine or extremity injuries/pain. I primarily see recreational and competitive athletes.

**Years of Experience:** 3-4 years

**Languages Spoken:** English

**Personal Statement:** I do what I do based on my personal experience. My journey to becoming a chiropractor started when I fractured my femur in a high school football preseason scrimmage. I ended up in a bent knee cast for 6 weeks and never received any physical therapy after my cast was removed. I didn't trust the strength in my leg, and I never ended up playing organized sports again. I believe you shouldn't give up on your athletic aspirations because of injury. But I was under the impression once you had a major injury you were done for good. This experience led me down the path to wanting to become a physical therapist. I attended CMU, where I pursued my Bachelor's in Exercise Science. I was dead set on becoming a physical therapist until I discovered a friend in my major was going to school to become a chiropractor. At this time, I didn't know what a chiropractor actually did. I learned chiro and PTs were quite similar. For various reasons and within a matter of weeks, I changed career paths. I received my Doctor of Chiropractic degree from Logan University and was the first recipient of the Founder's Scholarship: a full-tuition-paid scholarship for my academic success through my first year. I made the President's List every term, earning valedictorian of my class. Although I had academic success in school, I quickly learned that I didn't have the tools needed to become the skilled clinician I aspired to be. To advance my skills, I accumulated 1000 hours of post-graduate courses while in school. The skillsets I earned through the Mechanical Diagnosis & Therapy (McKenzie Method), Motion Palpation Institute (MPI), Functional Range Conditioning, Rehab2Performance, Dynamic Neuromuscular Stabilization, and the Selective Functional Movement Assessment, guided me to become a great chiropractor with the additional skill set of a physical therapist.

*MIBAC does not recommend or endorse individual Chiropractors or Chiropractic practices. Please verify all information.*

**Personal Statement:** Dr. Sinawi was born in Detroit and after graduating from Ferndale High School in 2001, attended Oakland Community College and then Oakland University for undergraduate school. In 2007, he moved to St. Louis, to attend Logan College of Chiropractic where he obtained his Doctor of Chiropractic along with a bachelor in life science in April 2010. Also, while attending college in St. Louis, he met his future wife, Dr. Krysta, who was also in his class. Upon graduation, Dr. Dave moved back to Detroit and opened his practice, November 2010. in Royal Oak. Dr. Dave and Dr. Krysta married in September 2015 and welcomed their baby boy, Logan in June 2016. In February 2017, the office moved to a newly renovated location in Royal Oak, where he practices today. The family also welcomed baby girl Lucy in 2018. Dr. Dave uses a manual, hands-on chiropractic approach in treating patients. He treats every patient as an individual and addresses not only the pain, but it's source.

**Personal Statement:** I have been practicing in Grosse Pointe Woods for 30 years this year (2024). My goal is to help patients with natural healthcare to overcome deficiencies in their current health, and of course, to successfully address back issues with chiropractic, massage, and nutrition. I try to live a life that is in balance with my natural health views including exercise, a healthy diet, and regular wholistic treatments.
