

Welcome!

Next steps after completing your MIBAC Agreements

Officially, your participation begins March 1, 2024, meaning that your Value-Based Reimbursement begins on that date. However, you should learn how to enroll patients before that time and enrolling them early will count toward your total patient enrollments!

Options for completing the initial training:

We will be scheduling 30-minute virtual training sessions in small groups in January and February. We will send that information out in early January.

Alternatively, you can use the link below to schedule a training session. If none of these times align with your availability, please email Samantha Foreman at sforema3@hfhs.org.

<https://calendly.com/sforema3/newchiropractors2024>

In the meantime, please check out our website (<https://mibac.org>) where you will find a tab labeled Quality Improvement containing the QI library. There are many documents within that will help you with participation. There is also a link to training on the main page of our website. If you are a Blue Cross Blue Shield of Michigan provider and you have not taken any MIBAC training (including the training offered in 2021-2023), you may be eligible for a \$100 incentive for completion of the training by December 31, 2023.

Additionally, a new training platform containing interactive vignette-style modules will be introduced in 2024, and as QI participants you will be eligible to utilize this platform free-of-charge. CE/CME is available, although fees may apply for Chiropractors (email the Michigan Association of Chiropractors at info@chiromi.com).

Our job at the MIBAC Coordinating Center is to support your participation in this important initiative, so do not hesitate to reach out with questions at any time. We are looking forward to working with you!

The MIBAC Coordinating Center Team
